You could harness LLMs to create advanced agents.

You could do it today!

But *should* you?

```r
library(ellmer)

chat <- chat_openai(
  "Be concise",
  model = "claude-3-7-sonnet-latest"
)

chat$chat("Why is the sky blue?")
```

```
library(ellmer)

chat <- chat_openai(
  "Be concise",
  model = "claude-3-7-sonnet-latest"
)

chat$chat("Why is the sky blue?")
```

<u>You</u> could harness LLMs to create advanced agents.

You could do it today!

But *should* you?

👋 Hello from Posit Software, PBC
